# TURTLEMAN: THE WORLD'S SLOWEST SUPERHERO

A RETROSPECTIVE ON  
GLOBAL OPERATIONS, 2025

# THE PRODUCT MANIFESTO

Turtleman is inspired by the great cheap superhero comics of the 60s and 70s (especially The Phantom). However, unlike those heroes, Turtleman is pointless and possibly the most useless superhero ever.

## KEY BRAND PILLARS:

- **Developed as a Travelling Aid:** A mechanism to endure long flights.
- **Honest AI Slop:** Generated with just enough artificial intelligence to be honest about its lack of quality.
- **A Feature, Not a Bug:** Artifacts, weird hands, and nonsense text are strictly intentional.
